

Briefing to Industry on IT Requirements for Code K

PRESENTED BY

Lamont Hames

Chief of Staff

Office of Small and Disadvantaged Business Utilization

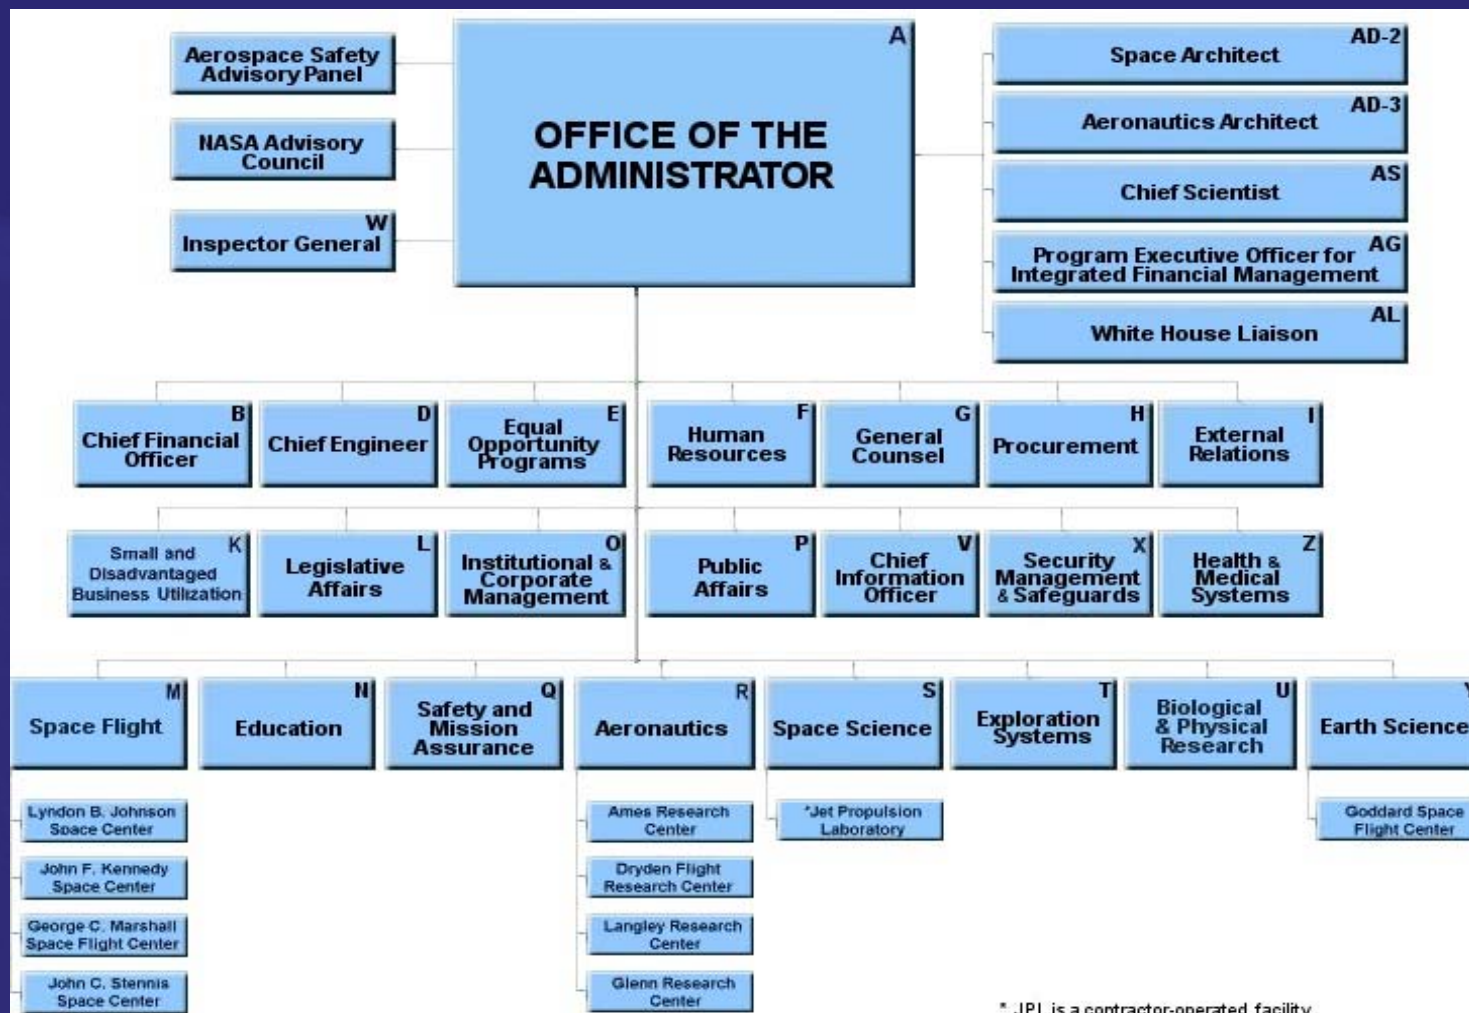

OSDBU Strategic Mission

To provide expertise in the utilization of innovative small businesses that can deliver technical solutions in support of NASA's mission.

NASA HQ Organization Chart

* JPL is a contractor-operated facility.

Special Computing Requirements

- Laptop/Docking Stations Preferred
 - Basic needs (Wireless Cards, CD/RW/DVD drive)
- Flat Screen Monitors (17" minimum)
- Blackberry
- Color printer/smaller and faster
- Scanner

Special Applications Unique to Code K

- Code K Document Management System
 - (Currently phasing-in replica of Code G/Gen. Counsel)
- Code K OSDBU Management Information System
 - Mentor-Protégé MIS
 - National Calendar
 - Event Management
 - Minority Business & Advocate Awards Program

Issues that keep Code K from Accomplishing its Mission

- No budget to adjust to rapidly changing technology requirements
- Latest (electronic Business Card scanner)
- Telephone System needs better intercom/mailbox features. Phone frequently does not work
- Update Cell Phones
